Fax# (408) 353-3817

Summit Kennels offers complete boarding facilities for Dogs, Cats, Birds and other small pets. Our kennel staff is trained to provide excellent care for your pet. Our indoor dog runs are 24' by 4'. Each dog is provided with warm bedding that is washed daily. A complimentary bath is given on pickup day to each dog that stays at least two nights. For an additional charge of \$20.00, you may request a bath that includes a nail trim, ear cleaning, and anal glands to be expressed. A monthly dose of Advantage flea treatment is also available upon request (price determined by the weight of your animal).

Our cat cages are 3' by 2-1/2'. We also have deluxe split-level cat "runs" in a separate room reserved for cats only. These runs are large and roomy, 3' long by 2' wide by 4' high and offer a view of our beautiful mountain surroundings.

We offer high quality food; for dogs we feed IAMS Low Residue dry dog kibble; for cats, we serve Hills Science Diet sensitive stomach dry cat food. If your pet is on a special diet, or you wish to have us feed your own food, we are happy to do so as long as you bring it along with complete instructions. Owners must provide food and cages for birds and other small animals. We are happy to administer medications for an additional charge as long as the owner provides them with complete instructions.

Any elective surgery such as spaying, neutering, or dental cleaning may be done while your pet is boarding with us. All pets must be in good health and current on the following vaccinations prior to their stay:

- Dogs: Distemper, Parvovirus (DHP-P) (within the last year)
- Bordetella (Kennel Cough) (within the last 6 months)
- Rabies (within the last 3 years)
- Negative Heartworm test
- Cats: Feline Distemper and Upper Respiratory Disease (FVRCP) (within the last year)
- Rabies (within the last 3 years)

First time clients will be asked to pre pay at time of drop off.

Any vaccinations needed can be given by our staff upon arrival. If vaccinations are given here, a \$47.17 vaccination exam will be administered along with the vaccines if we do not have a current annual physical. If your pet has been vaccinated elsewhere, please bring proof of vaccination.

Reservations are required, so please call ahead of time to insure a space in the kennel for your pet(s).

HOURS

Monday – Friday	7:00 am – 6:00 pm
Saturday	8:00 am – 4:00 pm
Sunday	Closed

KENNEL TOURS: Please call for an appointment if you wish to visit the kennel. We will be happy to meet with you any afternoon after 2:00 pm and show you our facility.
